Dear Guest,

Hotel U Malého Vítka doesn't have own parking spaces directly at the hotel, as it's located directly in the pedestrian zone of the historic city centre.

Since October 1st 2018 isn't allowed to drive by car or bus to the old town – historical centre.

Therefore, we recommend our guests to use the city parking lots P1, P2, P3 or P5.

The cheaper option is František Šesták's private car park close to Eggenberg brewery (opposite P2).

All parking lots are about 10 minutes by walk from the hotel.

Unfortunately, parking cannot be reserved by us at any of the listed car parks.

We offer our guests discounted parking cards for parking lots P1, P2, P3, which can be purchased at the hotel reception or at the Infocentre on main square.

Prices of discount cards:

The 1-day card costs CZK 280.00 / 11 €

The 2-day card costs CZK 500.00 / 19 €

The 3-day card costs CZK 740.00 / 29 €

The 4-day card costs CZK 970.00 / 38 €

The 5-day card costs CZK 1,220.00 / 48 €

The 6-day card costs CZK 1,430.00 / 56 €

The 7-day card costs CZK 1,670.00 / 65 €

(The standard price of parking in the P1 car park is 50.00 CZK / hour,

in the P2 and P3 car parks it's 40.00 CZK/ hour, overnight parking hours are calculated.)

More information about parking: <https://www.ckrumlov.info/en/car-parking/>

**Please at arrival to the Cesky Krumlov go directly to public parking lot P1 or P2 or P3.**

At the first time you enter the car park, you will receive a card from the vending machine at the gate.

The first 40 minutes are free, at this time it is ideal to walk to the hotel at Check-in and buy a discounted parking card at reception.

How to activate the discount parking card:

You must first leave the car park using the old card from the vending machine and then return to the new parking card that you activate with this act.

- To activate the card, enter by car to the gate and insert the purchased card into the reading equipment placed at the parking area entrance gate – from now starts the validity printed on the card (No. of days).

- This card is non-transferable.

- When the card validity already expired, please repay the outstanding parking charges (Standard hourly parking rates) using the automatic cashier placed at the parking area.

Warning: Any contact with magnetic devices may delete the validity information and therefore the parking area operator has no liability for such damages. The card must not be exposed to effects of magnetic field (i.e. Magnets, electrical motors, mobile phones etc.)

In case you are already staying at the parking, it is necessary to pay the actual amount at the cash register, leave by car the parking and by the new entry use this parking card to open the gate (see above).

In a case of any problems, please contact the Head Office of Parking Services – directly from the parking lot by pressing the info button at the entrance/exit stand or at the payment box, or by calling phone number: +420 380 711 190.
